Today's Date: \_\_\_\_\_

Request to send Dinolite.us (Dunwell Tech, Inc) the following material sample(s) outlined below:

Material Sample: \_\_\_\_\_

Imaging Instructions: \_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

Dates: From \_\_\_\_\_ to \_\_\_\_\_

Initial inquiries should be made to the following:

Dino-Lite USA Support Team  
support@dinolite.us

## 1. Material Sample Inquiry

- a. All material samples should be submitted with as much lead time as possible to ensure adequate condition assessment, conservation, preparation, and processing time.
- b. Description of sample:

\_\_\_\_\_  
"X" the following about use of the sample (more than one may apply):

\_\_\_\_\_ Dinolite.us must send the sample back by the date mentioned above.

\_\_\_\_\_ Dinolite.us can discard the material sample after use.

\_\_\_\_\_ My material sample is proprietary, and the images should only be shared between sender and recipient. OR my material sample is not proprietary, but images should only be shared between sender and recipient.

\_\_\_\_\_ My material sample is not proprietary, and the recipient is free to share images in their website and other media.

- c. Dinolite.us should be notified of any special circumstances surrounding the request, such as anticipated conservation needs, complex mounting problems, unusual packing and shipping requirements, or restrictions on the material sample(s).
